About

This pattern was tested by 6 experienced testers. Even so, sometimes little things will not be spotted during the testing process, especially with a pattern this complex.

Some eagle-eyed CAL participants spotted some minor typo's. These have all been corrected in the master documents. Depending on when you completed your downloads, you may or may not have the most recent version.

Thanks to these ladies who took the time to write to me to highlight these errors. I sincerely appreciate the opportunity to refine the pattern.

I also added some tips to help clarify some sections.

These changes are listed below.

Tip: *The hdc's on this round are worked over the ch-3 sps from the previous round, i.e., encasing the ch-3. Work into the top of the dc's from 2 rounds back Round 9.*

Part 3 – Option 2 – Page 75, 76, 77, 78 and 79:

Removed “per side” from stitch counts.

Added 2 tips to Part 3 – Option2:

Tips: *If you find your work starts to cup, then stop after any completed repeat (Rounds 46, 50 or 54). **Fasten off** after your last repeat and join with an invisible join to the top of the 1st bpsc. Secure the ends after checking the stitch counts. Then do Round 59 and then move on to Part 4.*

*When working the repeats of Round 39 you will be working (2hdc in the next **ch-2 sp**) 143 times.*

Part 4 – Pages 86, 88, 90:

Added S in front of “Round” on lines 7 and 8 of S5, S9 and S13.

Updated video links for Parts 3 & 4. The old links will still work, and the changes are minor.
